

"Braude Secret Service: Mission X"

The Leak

Scene: Braude Secret Service HQ – inside a quiet surveillance room.

TAMIR (calm but tense):

Maor. Shelly. We intercepted something bad — real bad.

SHELLY (focused):

Terror chatter?

TAMIR:

Worse. An anonymous source leaked launch codes for old Cold War nukes.
They're active again. First target... is **Braude**.

MAOR (shocked):

How is that even possible?

TAMIR:

Only one name fits the pattern: **Mister X**.
You're wheels-up in 10.

The Hacker's Trail

Scene: Back alley in Berlin. Rain. Graffiti. Maor and Shelly sneak past cameras.

SHELLY:

According to the signal, the trigger device is mobile — bouncing location.

MAOR (noticing something):

And we're not alone.

A drone swoops in. Explodes near them!

VOICE (distorted from speaker):

You can't stop what's coming.

SHELLY (grabbing debris):

Look — he left behind a wireless detonator.

Coordinates point to... **a cargo ship headed for Haifa.**

The Trap at Sea

Scene: Inside a shipping container maze. Sirens. Red light.

MAOR:

Heat signatures. 30 meters ahead.

MISTER X (appears from the dark, wearing tactical gear):

I warned you. You're too late.

SHELLY (draws baton):

You messed with the wrong agents.

Fight begins – punches, blocks, sparks fly.

MISTER X (laughs):

You're fast, Agent Shelly. But not fast enough.

Maor disables a power panel. Room goes dark.

MAOR (whispers):

We don't need lights to take you down.

Final Countdown

Scene: Control deck. Timer says 00:02:39.

MISTER X (escaping, presses remote):

If I fall — the city falls with me!

SHELLY(hacking console):

Maor, stall him!

MAOR (chasing Mister X):

I only need two minutes.

Shelly sweats, rewires, types fast...

SHELLY:

Override engaged... missile system shut down!

BOOM! A flash — but the missiles don't launch.

Safe at Braude

Scene: Morning light. The Braude campus is safe. Students laughing.

TAMIR (smiling):

You two stopped a world-class terrorist — with four seconds left.

MAOR:

Make that five. I was holding back.

SHELLY (laughs):

Still... Mister X got away.

Behind them, a TV screen shows: "Mister X: WANTED – LAST SEEN IN MOROCCO."

Caption:

Next mission begins... now.

Braude Secret Service will return.
